Happy Thanksgiving Bro!

I hope this letter finds your family and you doing well. It is always nice to be getting along with family during the holidays.

Thanks, by the way, for coming to visit me last month, for my birthday. It was a great surprise. Actually, if you can believe this, it was exactly a month ago today. Seems like it was so much longer.

I'll bet we each have a different perspective on how slow or how fast time actually feels like it is passing. God, I sure hope we do. Otherwise your life would be like a prison. Just kidding, of course. It is always better to accept this situation by making light humor about it than ~~it~~ it is to do otherwise.

Things are going fine for me. Denton County should be ~~through~~ through with me in December. I am actually ready to get back to TDC and get into a routine. Time will go by much faster there.

Well, I guess I'll wrap this up. Tell, and I said, "Hello and Happy Thanksgiving". I hope life is treating you well. Take care little brother.

Talk to you again soon. Miss you ~~and~~ love,
man!

Happy Thanksgiving!
